

Executive Order 594: Leading by Example: Decarbonizing and Minimizing Environmental Impacts of State Government

A new [LBE Executive Order](#) issued by the Baker-Polito Administration sets emissions reduction targets for state government through 2050 and establishes a series of comprehensive policy directives.

Executive Order 594 goes into effect July 1, 2021 and will apply to all Massachusetts executive branch agencies and public institutions of higher education. To help state entities prepare for this Order, the Leading by Example program is offering several virtual learning opportunities for entities to learn more, ask questions, and receive further guidance.

Opportunities to Learn More About LBE Executive Order 594

↓ Date and
Registration
